New LEGO® Product

HOW IT WORKS:

SHARE YOUR IDEAS FOR NEW LEGO® SETS.

Create an awesome model, take great photos, and write a convincing project description to get people to support you.

GATHER SUPPORT — 10,000 SUPPORTERS QUALIFIES YOUR PROJECT FOR REVIEW.

Tell everyone to support your project. 10,000 is a big number, but it's doable if you have a great project and some old-fashioned persistence.

LEGO® REVIEW — THE LEGO REVIEW BOARD CHOOSES WHICH PROJECTS BECOME NEW LEGO SETS.

After reaching 10k, your project enters a special phase called the LEGO® Review. A review board of set designers and marketing representatives evaluates projects according to our review criteria and hand-picks projects to become new LEGO Ideas sets.

NEW LEGO® PRODUCT — OUR TEAM TRANSFORMS YOUR DESIGN INTO AN ACTUAL LEGO PRODUCT SOLD AROUND THE WORLD.

Projects selected in the LEGO Review go into production. You give input to our professional LEGO designers, whose job it is to create the final set based on your project. Once complete, it goes to the factory, then it's shipped around the world and released for sale.

Here are some fun facts about the castle from Marcos!

Marcos Bessa is the Senior Designer behind the magical Disney Castle, the second tallest LEGO® set of all time!

At just over 29" tall, the castle is the second tallest set ever created. The tallest set is an old Eiffel Tower set that was over 42" tall!

It's the second biggest set, for the number of elements, that I have ever designed. The Ghostbuster's firehouse was the biggest!

The lamps at the entrance were inspired by a spiky headgear element in a LEGO® Hobbit set designed in 2013!

I saw the actual castle for the first time at this photo shoot!
