

Oct. 31, 2019 Minutes  
EP 413 3:30-4:30pm

Sean, Yaser, Dr. Dan, Steven present.

Loren informed us he had something come up he had to deal with.

Take aways from the client meeting was gone over.

    Tooth spacing can be whatever we want.

    More testing and see how we how we did it in the next presentation.

Budget is through BE. Talk to Debbie.

Need to get scale from Dr. Dan again.

Tasks

Steven - Build a box with slides to contain bale to regulate tooth engagement.

Sean, Yaser - Find something to be used as a cross bar to attach teeth.

Loren, Sean - Start CAD design.
