Date: 9/9/2020

Time: 11:30 am PST

Location: Team Zoom Link- <https://uidaho.zoom.us/j/93624915111>

Attendees: Ben McBride, Cody Gibson, Hasan Alajmi, Mathew Swenson, Ken Cain

Agenda/Minutes

Agenda item: Fish Testing Results

Discussion: Current roller and crank damages the fish to much as they pass through the rollers, a new roller design with larger rollers and less needles could be more effective, concave rollers with 4 needles spaced 90 degrees apart is the next design idea, an alternate idea is to use the bed of needles.

Conclusions:

Action items	Personnel Responsible	Deadline

Agenda item: Continuation (Rollers or nail bed)

Discussion: Implementation of a new roller and mount design will be tested before changing to a bed of needles design.

Conclusions:
