

Meeting Minutes 3-25-21

We will be using Latex to write the final report, and we should be able to collaborate on the site that Kate has access to, so we can all write in there.

We can use last years letter of transmittal from for ours as well.

We then split up the report, as found on the shared drive.

We then went over the recordings for the emotive and our device.

Next Team Meeting, we will be taking a team photo and recording some of the videos as well.

Jake volunteered to edit the videos.
