

Team Shock'em Meeting Minutes

Time: 4:30pm – 5:30pm

Date: 10/24/2019

Location: CNR 205F

Attendance

Austin Grieve

Samantha Baran

Xuyue Gu

Ziqing Zhu

Feng Li

Lauren Smith

Mohamed Hefeida

Jason Karl

Topics of Discussion

1. Lauren investigated Eagle for PCB development and chose against it
 - a. Program had a steep learning curve
 - b. Will look for alternatives
2. Samantha read up on the Nanotrons in order to see how to best utilize them
 - a. Nanotron communicates using Serial data
 - b. Arduino uses Serial
 - c. Interaction should be simple
3. Xuyue and Ziqing will take charge of the Wiki Page (Capstone Requirement)
4. Discussed presentation
 - a. Presentation is currently scheduled for 11/21 at 4:30pm

To Do

1. Meet in Drone lab to program Nanotron
2. Prep for presentation
