- Dr. Perry comments
  - o Review emails about logbooks
  - o Add online screenshots of things we are learning about from an outside source
  - o Move to onenote from now on
    - Move previous logbook to new one
  - o Go to logbook often to document
  - o Record action items
  - o Focus on reflections
  - o More important to use in the first place rather than for it to be organized
- Thursday meetings are going to become more for us three
- Agenda now email again
- Need properly annotated drawings for Bill next time
  - o Explain tolerances in title block or in dimensions on drawing
  - o Use ME title block sent by Dr. Perry
    - On ME 301 website
  - o Rough out drawings and highlight dimensions and send to Bill to see what works best for him
  - o Spec out bearing fit dimensions
- Ryan and Avery to machine some of Ryan's parts – Possibly tomorrow?
- Got the go ahead from Dr. Wolbrecht to get baseplate machined
  - o Suggested contacting WSU about having plate cut in half
- Shop training with Cobi tomorrow at 2
