

Meeting Minutes 3/3/2015

- We found a FLIR T420 that can be rented to us for \$790.00/mo
 - Can we get the full software package somehow?
 - A limited version is available for free
 - Dealer is going to talk to his contact at FLIR and see if we can obtain the full software package.
 - Talk to Client and see if we can get the software from them and also check the camera with them.
- Ian- Talk with Molly about the camera rental and get paper work squared-away.
- Call UI and see if the lights will work on the circuits in the design suite. Make sure Russ is there when we hook them up.
- All of the materials have been procured for testing other than the camera. We want the camera for expo also.
- DESIGN REPORT: Look at guidelines online and invest some time writing up the details on profilometry while the details are still fresh in our minds.

ACTION ITEMS

<i>Trevor</i>	Contact INL about the camera rental and follow up on the voicemail left by Kaleb.
<i>Kaleb</i>	Continue with contact for the FLIR rental and see if we can get free a full version of the software from them
<i>Ian</i>	Meet with Molly and discuss the details of the transactions for the camera
<i>Cris</i>	Get the portfolio ready for 3/11/15 Call the UI for to get someone to explain the circuits
