

## **MINUTES – Fly Rollers Meeting 23 (4/14/16)**

### **Discussion:**

Philip made significant coding progress. He will soon be ready to start testing his code. Evan will focus on making our Expo poster and on wiring the flywheel. Brian is wrapping up work with the wikipage and will find a power supply soon. He also plans to help with the flywheel piping. Gavin will provide a list of potential transceivers by next week.
