

Project 12: Solar Roadways

10/23 Meeting Minutes

Attendance:

Tavara Freeman
Violet Gomm
Jesse Strange
Hussain Beled

Topics:

- No meeting on Tuesday 11/6 (tentative)
 - Both Jesse and Dr. Hess will be attending a PES event
- Design Validation Plan is already submitted
- Next project to work on is the Project Value Proposition
 - It will be a page or less.
- Concept Design Review is the next big assignment due
 - Room should be able to hold about 15 to 20 people for other students to attend
 - Go over preliminary design review packet
 - Cover more next week with Dr. Hess
- Tavara is attending Wikipage workshop today
- Trying to coordinate with Solar Road Warriors to see their testing setup this Thursday.
 - They will be concluding their tests this month before Snapshot, so we should get a hand off in mid-late November.
 - Tavara will also meet with Silas to discuss software at this time.
- Chain of email with Solar Road Warriors and Alyssa Delbridge.
- We haven't received any response from Alyssa yet.
- Guy Esser contact follow up for next week.
 - Want to get in contact with one of people he suggested to get the information of other panels on campus for the feasibility study.
- To do this week:
 - Project Value Proposition
 - Meet with Solar Road Warriors
 - Contact Guy Esser's suggestion
 - Find a time and conference room for the concept design review
