

## **MINUTES – Fly Rollers Meeting 24 (4/21/16)**

Dr. Santora and all team members present

### **Discussion:**

- a) We are not planning to power our project for Expo or do a presentation
- b) Evan basically finished the poster. We reviewed it and made modifications. We are trying to get it printed before Tuesday next week

### **Action Items:**

- 1) Philip will start testing his code
- 2) Evan will finish building the flywheel
- 3) Brian will confirm a power supply and work on piping
- 4) Gavin will order the RS-485 transceiver and assist Evan

Respectfully Submitted,

Gavin Meyer
