Brady Jerome (Team Member)

Nickolas Borek (Team Member)

Feng Li (Advisor)

Brian Johnson (Advisor)

Meeting Log:

- Meeting Started at 5:34 PM
- Adriana and Nickolas tested the Chinese pyranometer a little bit
 - Need to get an accurate reading from the device
- SEL Testing
 - Bring two prototypes as a backup in case something is wrong with one of them
 - Have the handheld pyranometer just in case
 - We can take the IEEE Ambassador's power source
- How to set up the sensor
 - Worried about losing connection from our sensor
 - Solder the sensor?
 - Sensor on leads?
- Meeting tomorrow at 8:30 AM to leave to SEL
- Creating a list of procedures and materials
 - Pack everything up tonight to be ready for tomorrow
- Expo coming up
 - When the tests are done, we should focus on Expo
- Meeting Ended at 5:54 PM
