Example	<ol style="list-style-type: none"> Status of Electrical Modelling (Nick) Update after One-Drive Upload Failure? (Chris at ME Board Meeting) Manufacturing Updates (Nick) 	<ol style="list-style-type: none"> Both last time and this time, the electrical models are unviewable due to upload problems with One Drive. The models are only saved locally to the computer they were created on. Migration to the S drive is now the only option to mitigate this problem. Nick will be in charge of completing this task by tomorrow evening. Will, Ali, and Chris finished drilling and tapping holes in the motor gear mounts. Nick finished cutting keyways in the axels.
