

## Team Shock'em Meeting Minutes

Time: 4:30pm – 5:00pm

Date: 01/22/2020

Location: CNR 205F

### Attendance

Austin Grieve

Samantha Baran

Xuyue Gu

Ziqing Zhu

Feng Li

Lauren Smith

Jason Karl

### Topics of Discussion

1. Discuss progress from last week
  - a. Nanotron documentation is confusing
  - b. Were able to set the GPIO pins on the host device but note remotely
  - c. Ziqing and Xuyue started searching antennae information – meeting with Dr. Shih on Friday
2. Austin started designing different beacons – will get a price list for the beacon with two beams
3. Need to register for EXPO – Samantha said she would fill this out
4. Need to continue to decode the Nanotron documentation
