

11/5/2013

UI Steam Power

Minutes 11/5

Attended : Scott Smith, Dr. Xing, Donald, Chris, Ryan, Chad

Agenda

- Design Review
- Fuel Consumption
- Daily Log Pressures
- Utility Information

Discussed Topics:

- **DESIGN REVIEW:**
 - **Tuesday November 19th, 3:30, Location TBD**
 - Present all 6 models to clients, they will chose final project
 - Fuel Plots, Electric Generation Plots
- Boiler Pressures were found and implemented into EES to be able to have a good model.

EES Model:

- Efficiency curves for our turbines

Action Items:

- Wiki- Don
- Fuel/ Generation Graphs and Plots- Ryan
- EES- Chris
- Contact WABASH about efficiency curve (flow and pressure), (flow and HP)-Chad
- <http://wabashpower.com/inventory/turbine-generators/>
