

Team meeting 2/25/2016

Agenda:

Detailed Design Review

Questions/Concerns

Presentations lock-over

Show Pendulum hammer and work done

Plans for next week- getting ready for expo, wiki page, DFMEA

Detailed Design review – make sure we ask for specific feedback.

Add DFMEA thoughts – long life cycle, fatigue, maintenance.

At expo and snapshot – we want to probably do the impact manually, or once with the pneumatics.

Pendulum Hammer – finishing it tomorrow at 9am

Vandal “Saturday” – need help

April 23rd

Action Items:

Scope mounting picture – Jason

DFMEA – All
