#### Packs a punch!

Reviewed in the United States on November 8, 2019

Style: 2800mah 40c 11.1v **Verified Purchase**

Absolutely in love with the quality and look of this LiPo. The battery holds the same time as any 2800mAh to fully charged. What I realized was the low internal resistance because it doesn't get as hot as my other batteries. It's a great LiPo for the price and its way better to get it from amazon than to take more than two weeks to deliver.
