

7/27/2014 Meeting Minutes

1.) Design Review Discussion

- Patrick will take on the role of doing the sales pitch for the Design Review.
- Chris will introduce our group and explain why we are holding this meeting.
- Ali will talk about where we are, our goals, and where we're going.
- Darwin will explain our findings in the code/math model if we have any.

2.) Goals

- Darwin and Chris will work on trying to figure out why the numbers being used from ATS/Bactalk isn't cooperating with what the math model is calculating.
- Finish up what is needed for the wiki this semester by the end of the week.
- Try to finish code and verification by snapshot #2.
