

## Meeting Minutes for October 21st, 2020

11:30 AM - 11:38 AM

- Planned to meet with Dr. Maughan next Tuesday at 4:00
- Decided to change our meeting times to Tuesday/Thursday during class time instead of Wednesdays. We can add back in Wednesday meetings once we have more things to meet about and discuss.
- Discussed whether we should be working on 3 separate issues or everyone work on the same task.
- Emphasized making sure to pull/push to GitHub often so people's work don't get overwritten
- Sydney is going to talk to Victor about authentication stuff and read over the section of the report from last year on that topic
