

Vandal Forge
Team Meeting Minutes
04 OCT 2016

- Discussed expectation of parts presentation prior to purchasing.
- Approved Matt's revised Gantt chart for part 2 of project.
- Welding team will build welder/purchase parts; Nozzle, guntip, contact liner approx. - \$100
- Discuss wire feed mechanism and calibration procedure.
- Discussed giving mini-presentations on progress; maybe use room with projector.
- CNC team meet Thursday @3:30 to work on and finalize parts list for purchasing.
- Kyle will pick out PSU for welder for purchase by next week.
 - Digitally controlled?
- Reminder logbook review due 10/5 by end of day
- Reminder Snapshot #1 is on 10/11.
- CNC team has determined that the Haackel printer is not particularly suited to our project, still has not decided whether buying whole kit or sourcing parts.
- Each team member needs to send their project learning materials to Matt & Jay so they can compose the poster and compile the portfolio.
