

Team Meeting #5

10/02/19

Things to do

- Set up a meeting in the Mill for Raspberry Pi
- Ian has a roommate he will talk to
- Set up Client Meeting Documentation

Due Date

- Thursday 10th Logbooks Due!

Requirements Document

- Don't just follow the template
- Think of subsystems (Break it up that way)
 - Split Mechanical Functions (Ian)

Raspberry Pi

- Good to learn
- If we fall back to Arduino it's ok, why not Arduino
 - Ports
 - Accessibility to code
 - SD card for adaptability

Thoughts

- One person to champion each system

Last Thing

- Catalog for measuring system
- We could look at to research
