

Meeting Minutes 10-12-2020

Pre-snapshot meeting

We discussed slides and team break up:

- Teams will operate in 30 minute blocks
- The first group will be Mohamed, Jake, and Kiran
- The second group will be Shubhangi, Max, Kate, and Grace
- The last 15 mins will be with the whole group

The instructor meeting will be a snapshot catch up.

Kate brought up the fact that if there was a most recent version of the PCB board then we could easily move it into a new version on PCB

We decided/remembered that we needed to include a budget slide (Max), a timeline slide (Jake), and a question slide
