

Kill-a-Watt - Meeting Notes – 03/29/2016

Voltage Converter Design

- ⑩ Present Parts and Design

Simulation

- ⑩ test with generic device models if do not have specific model

Design Review

- ⑩ date and time preferences
 - ↘ April 12th, 12:30 to 1:30
- ⑩ make a good case
 - ↘ calculations
 - ↘ part numbers
 - ↘ simulation

Testing Circuits

- ⑩ simulate generically
- ⑩ order test depletion mosfet (all other devices are in house)
- ⑩ prove parts of the circuit in the test

Bell 330

- ⑩ meetings every Thursday at 3:30
- ⑩ useful to have someone go to these meetings

Doing Next

- ⑩ simulate designs
- ⑩ order test parts
- ⑩ test designs
- ⑩ prepare for design review
