

## Meeting Minutes 03/24/2015

### UPDATES:

- Logbook review in about a week on Tuesday 03/31/2015
- Compile notes on what we learned from Brady's visit and have a discussion next meeting about them to piece together a complete set of notes for each team member.
- Electrical resistance heating:
  - Coil inside the specimen (relatively uniform and rapid)
- Wednesdays after 7:30pm the team can meet up in GJ 232 to do testing every week.
